### NOTICE.

To Millers and Others in the Northwest  
Territories and throughout Manitoba.

**SEALED TENDERS,** accompanied by  
One Hundred Pound samples of flour,  
and endorsed "Tender for Flour and for  
Bacon or both," will be received at the office  
of the Indian Commissioner at Regina, up  
to noon of Tuesday, the second of April, 1899.

Forms of tender giving full particulars  
relative to the quality, quantity and points  
of delivery of the Flour and Bacon required  
may be had on application to the Depart-  
ment of Indian Affairs, Ottawa; to the In-  
dian Commissioner for Manitoba and the  
North-West Territories at Regina, or to E.  
McDonald, Chief, Winnipeg. No tender  
will be entertained unless it is made on  
one of these forms. Each tender must be  
accompanied by an accepted cheque, for at  
least ten per cent. of the amount thereof, which  
will be forfeited if the tenderer declines to  
enter into a contract based on the tender  
when called upon to do so, or if he fails to  
fulfill his contract to the satisfaction of the  
Department. If the tenderer prefers to go  
so he may deposit with the Indian Commis-  
sioner or E. McDonald, Winnipeg, in lieu of  
an accepted cheque, the notes of any Char-  
tered Bank in Canada to an equal amount.  
Cheques or Cash accompanying tenders not  
accepted will be returned, but a cheque de-  
posited by a successful tenderer will be re-  
tained until the satisfactory completion of  
his contract. Each tenderer is required to  
show in his tender the full value of all the  
flour or bacon which he is prepared to de-  
liver under contract, or his tender will not  
be entertained.

Each tender must, in addition to the sig-  
nature of the tenderer, be signed by two  
sureties acceptable to the Department, for  
the proper performance of the contract.

Tenders will be entertained for a portion  
or the whole quantity of flour or bacon re-  
quired at any given point.

Samples of flour will be returned, if de-  
sired, to unsuccessful tenderers at their own  
expense on their application, and the sam-  
ples submitted by a successful tenderer may  
be counted by him as a delivery on account  
of his contract.

In all cases where transportation may be  
required by rail, contractors must make  
proper arrangements for their flour or bacon  
to be forwarded at once from railway sta-  
tions to its destination in the Government  
warehouses at the point of delivery.

The lowest, or any tender not necessarily  
accepted.

### TELEGRAPHIC.

(By Special Telegrams.)

**OTTAWA, March 25.**—The Government  
have come to the conclusion, in regard  
to the Fisheries Question, to continue  
the *modus vivendi* for another year.

The promoters of the Regina & L. L.  
Ry., who with Onderdonk have been  
here for some time past endeavoring to  
make arrangements with the Government  
for a subsidy have, so far, been unable to  
come to any satisfactory settlement, and  
therefore Onderdonk has gone to Toronto  
Although the North-West members are  
urging the granting of a subsidy, it is im-  
probable that the Government will grant  
one.

**TORONTO, March 25.**—It is understood  
the Mail Printing Co. is making prepara-  
tions for its libel suit with the Jesuits,  
wholly regardless of expense. They will  
send a commissioner to France and Bel-  
gium for the purpose of arranging with  
prominent statesmen there to come over  
and give evidence touching the operation  
of Jesuit societies in these countries.

**WINNIPEG, March 27.**—Seedling is  
general all over the province, and will be  
finished by April 1st. The prospects  
could not be better. Immigrants con-  
tinue to pour in, and everything is boom-  
ing.

**OTTAWA, March 27.**—The debate on  
the Jesuit Bill still continues. Dalton  
McCarthy finished his speech at six  
o'clock. He strongly opposed the Bill.  
Sir John Thompson replied, and strongly  
defended the position of the Government.

**LONDON, March 27.**—John Bright died  
at 8:30 this morning. His end was  
peaceful, and his physicians say it was  
painless. Flags of both Liberal and  
Tory clubs were flying at half-mast to-  
day in honor of the memory of Mr.  
Bright. Each party claiming the dead  
statesman as its own.

The Hudson's Bay Co.'s fur sales were  
very satisfactory and prices much im-  
proved. Marten advanced 50 per cent.;  
yuk, 30 per cent.; fox 20 to 70 per cent.;  
fisher, 70 per cent.; otter, 25 per cent.

**MINNEAPOLIS, March 27.**—A fight be-  
tween Gilmour, of Toronto, and Needham,  
of St. Paul, was won by Gilmour in the  
23d round.

**MONTREAL, March 28.**—Dr. R. P. How-  
ard died this morning. He was insti-  
tuted in getting St. George Stephen and  
Sir Donald A. Smith to found the Royal  
Victoria Jubilee Hospital. It is stated  
the Queen intended knighting him.

**LONDON, March 28.**—The Duke of  
Buckingham is dead.

**OTTAWA, March 27.**—A terrible murder  
has just been committed here. W. H.  
Harvey, bookkeeper for J. W. Lyon, and  
at one time accountant for E. A. Clark  
son, of Toronto, was arrested this morn-  
ing for embezzlement, and shortly after-  
wards stabbed out. He was missed, and  
the chief of police went to his house and  
found his wife and two young daughters  
murdered and lying in a pool of blood,  
with bullet holes in their heads. His  
motive for committing the triple murder  
is unknown.

**TORONTO, March 26.**—Harvey, the  
Guinep murderer, was arrested here to-  
day. On his person was found a five-  
chamber revolver. It is thought he is  
naive.

Now that the wheat is unbandied, it  
would be well for the council to allow the  
late bandmen to take care of the instu-  
ment they used so as to keep both it and  
themselves from getting rusty. The  
boys should also form a little band of  
their own "on the side."

Capt. Deacon has his new tug on the  
stocks and expects to have her ready  
almost as soon as the ice goes out of the  
river. The machinery is now all ready,  
and when finished the tug will have a  
carrying capacity of forty tons and will,  
when loaded, draw about two feet of  
water. Capt. Deacon intends having a  
big excursion on the 24th May next.

A meeting of Fire Company No. 1 was  
held on Saturday evening last when the  
following officers were elected for the  
coming year:—Captain, J. D. Snell; Sec-  
retary, Thos. E. Parker; Captain of Sal-  
vage Corps, A. Holmes; 1st Lieutenant,  
C. Byrne; 2d Lieutenant, N. Neil. The  
captain and secretary were appointed a  
committee to wait on the town council  
in the interests of the company. The  
number of members on the roll at pre-  
sent is thirty four.

### CHIT-CHAT LOCALS.

Gathered by our Reporters.

A full assortment of Gents' Ladies' and  
Misses' rubbers for sale at F. C. Baker's.  
W. Knox is building a fine stable on  
the rear of his premises on Church St.

The Rev. Mr. Hoag, of Battleford, and  
the Hon. Mr. Clarke visited the schools  
on Wednesday last.

Dr. Bain returned on Wednesday from  
Duck Lake, where he had been attending  
some Indians, who are sick.

The Government are asking for tenders  
for a supply of flour and bacon for the  
Indian Department. See advertisement.

Chief Factor the Hon. L. Clarke re-  
turned on Monday from a tour of inspec-  
tion of the different posts under his  
supervision.

Quite a large number of the farmers  
in this vicinity have been ploughing for  
the last week or so and some have done  
a little seeding.

Jas. Stevenson, trader for Wm. Sto-  
bark & Co., arrived in town on Saturday  
last from Stanley and Red Deer Lake  
with a big pack of furs.

Ducks and geese have been flying over  
the town for some days past. They are  
very early this year, but the fine spring  
weather was here first.

The horizon around the town is dotted  
with the reflections of prairie fires. Far-  
mers and others will do well to remember  
that the time for setting out fires expires  
with this month.

It is unsafe crossing the river now ow-  
ing to the ice being honey combed and  
rotten. Several animals have broken  
through the ice on going to or coming  
from the water hole where they drink.

Staff-Sergeant Sweetapple, of the N. W.  
M. F. stationed here, has been gazetted  
veterinary surgeon for the Saskatchewan  
District. This is a good appointment  
and we congratulate Sergeant Sweetapple  
on getting it.

Inspector Canon Flett has been exam-  
ining the children in the public schools  
this week and speaks very highly of the  
progress they have made since his last  
official visit. The public examination  
takes place to day.

R. Wyld and B. Lawson, of Battleford,  
arrived in town on Sunday last. These  
gentlemen are here buying cattle. Mr.  
Wyld is a big rancher near Battleford  
and Mr. Lawson manages the business of  
A. Macdonald in that town.

A meeting of cricketers will be held in  
Mr. Cam's house, next to Lafond's drug  
store, on Friday evening next, April 5th,  
for the purpose of re-organizing the club  
for the coming season. All cricketers  
are especially requested to attend.

C. Gallagher, of the firm of Gallagher  
& McGregor, butchers, at Battleford, was  
in town the latter part of last week buy-  
ing cattle to fill their contract to supply  
the police at Battleford with beef. Mr.  
Gallagher secured about thirty head of  
very fine beef animals, which he shipped  
west on Monday.

Mr. Lawrence Lovell, Indian Farm In-  
structor at Duck Lake, was married on  
Tuesday evening last to Miss Annie Mil-  
ler, daughter of Mr. Wm. Miller, of  
our town. The wedding took place at  
her father's residence and was attended  
by a large number of friends. The hap-  
py couple left for their future home at  
Duck Lake on Wednesday.

A CLAIM SUBSTANTIATED.

J. McKee, chemist, Peterboro, writes  
as follows:—Nasal Balm gives the most  
general satisfaction to consumers of any  
preparation I ever handled. My sales  
are large and reports from those who  
use it fully substantiate your claims for  
the medicine as an unequalled remedy  
for catarrh and cold in the head.

FRIDAY, MARCH 22, 1889.

Our Ottawa despatches seem to indicate that all negotiations between the Government and the Long Lake Railway Company have ended in smoke. No arrangements have been arrived at which would ensure the construction of that road, and our prospects of railway communication this year appears to be nil. It is evidently not the fault of our member or of his colleagues from the Northwest that such is the case. Our despatch says that the Government were urged by the Northwest members to grant a subsidy to the road in question; their request was refused. It will now be in order to take some other action, but we feel convinced that it will be a waste of time to petition for assistance to any road coming in here at the present time. Should every person in the district sign a petition, judging from the past, we believe that it would not obtain for us the desired relief. The settlement is in a bad plight and assistance must come soon. It is useless to try to disguise the fact that we are not receiving the fair and liberal treatment, to which we are of right entitled, at the hands of the Government. But the question arises: What can we do in order to obtain a remedy? The Government are strong; we are weak and help- less and have not a constituency east of Manitoba which sympathizes with us. It is useless to make threats of secession, rebellion or annexation, as we notice a few of the agitators of '85, in this town, appear inclined to do.

We believe it is the intention to have a mass meeting of the settlers in this district next week. The ostensible object is to endeavor by united action to secure railway communication for Prince Albert. We need not say that we are in hearty sympathy with such an object, as we believe a railway to be a pressing and absolute necessity and essential to the prosperity, if not to the existence of our community. We have grave doubts, however, as to whether any beneficial result will be attained by such a meeting. We do not require to represent our case to the Government. It has been represented to them so often in the past few years that they cannot possibly

be in ignorance of our condition. We have strong reasons to suspect, however, that the promoters of this proposed meeting have other objects in view, but will withhold further comments until we know the result of the meeting. It is almost certain that the Regina & Long Lake road will remain as it is at least for another year, and almost equally certain that next fall will not bring us any nearer to a railway. What then remains for us to do? Can we force the authorities to do what they are evidently opposed to doing? Will it better our cause by calling meetings and passing votes of censure on the Government or Mr. Macdowall? We answer, no. As far as we can see, it behooves us to do the best we can to eke out a livelihood; to work as we have done in the past with a determination not to succumb to adverse circumstances and reserve our popular verdict on the treatment we are receiving until the proper time arrives for rendering it.

This week's despatches brings the news of the death of John Bright. In him England loses one of her greatest statesmen. It is hard to say to which of the great political parties he belonged. He was a strong advocate of the principles of free trade, and took a great interest in the advancement of the laboring classes and the amelioration of their condition. He was an advocate of Parliamentary Reform and was one of the finest speakers in the English House of Commons, where he sat as a member for Birmingham.

**DUCK LAKE.**

There are only two cases of real sickness on the reserves now, both of which are consumption.

Con. Gallagher, of Battleford, is in this district buying cattle; he speaks well of your town but thinks Duck Lake far ahead of it.

On Monday evening last Wm. Diehl, of Carlton, was made happy. It's a boy.

Mr. Dougall finished putting up the Batouche telegraph line on Monday last.

Ducks and geese made their appearance last week and a great many have been shot by our citizens.

Eggs are now selling at 15c per dozen. Seeding has been commenced at Carlton on the 20th inst. Mr. Lucier put in eight bushels of wheat.

We regret to say that latest reports from the asylum say that Mr. J. Nolin is much worse.

The meeting to elect officers of the Metis for the celebration of St. John's day, in June, was held last week at Batouche, when Mr. X. Batouche was elected president; Mr. Champagne, vice-pres.; Mr. Garneau, Sec. Treas. The meeting was well attended considering the state of the roads.

A newspaper is a great medium after all. Some weeks ago we suggested a young man here should get married and we learn that he has since taken our advice. We refer to Mr. Lovell, of the Indian Department here.

Dr. Bain, of your town, paid us a professional visit on Sunday and remained until Wednesday. We envy your people having such a good man.

H. Mitchell, M.L.A., arrived home on Sunday. He took ill on the strge, but is now rapidly recovering.

**A Very Funny Man.**

As our readers would doubtless like to know something of the most famous humorist of the day, we present the above excellent likeness and the following admirable sketch by Edmund Kirke, lately published in Harper's Monthly Magazine.

"Mr. Chas. B. Lewis (better known as 'M. Quad') is perhaps the most unique and genuine humorist this country has produced. 'M. Quad' is a humorist of the 'artist'—a boss mechanic, who manufactures jokes as a carpenter makes packing boxes, with saw and jack-plane, and much exudation of perspiration. He is naturally and spontaneously funny; and there is wisdom in his wit—strong, homely common sense mixed with a racy, unctuous humor which makes his humor as grateful to our taste as whale oil to the palate of an Esquimaux. He is of universal relish, as is witnessed by the wide popularity that the Detroit Free Press largely owes to his contributions.

"It is not generally known where he was born, nor is it of much consequence, since his career did not begin till he was blown up some seventeen years ago, on an Ohio River steamboat. He is perhaps the only living example of a man who has been lifted into fame by being tossed one hundred feet into the air, and coming down more dead than alive, to tell the story. He did this: Standing at his printer's case, when he was so far recovered as to limp about, he put into type 'How it feels to be blown up,' and the whole west burst into laughter. That laugh made 'M. Quad' famous. He was then transferred from the composing room to the editorial department, and ever since short extracts from the Free Press have been copied into every journal throughout the country.

"About ten years ago he invented—or rather created—'His Honor' and 'Bijah,' and 'Brother Gardner,' of the 'Lime Kiln Club'—characters totally dissimilar but each as natural, original, individual and ludicrous as a y in American literature.

"'Artemus Ward' created one character; 'M. Quad' has given birth to three, and each one has, during a period of ten years, given delight to millions.

"His 'den,' as he calls his 'sanctum,' in an upper story of the Free Press building, is a curiosity shop filled with odd ornaments and knick-knacks. Here is a piece of rope that helped to hang a murderer, and a pair of shackles of the old slave time; there are bullets from Gettysburg, powder flasks from the Merrimack, and swords, sabres, muskets and shot and shell from a dozen battlefields; while around the walls, side by side with the portraits of Sheridan and Custer and Grant and Lee are the portraits of a dozen noted criminals. But the oddest thing in the room is a slender man of about forty, with close cropped grey hair, heavy moustache, keen, intent eyes, and an earnest, somewhat eager expression, who sits at an old-fashioned table and looks up with a smile of welcome as a stranger enters his apartment. This is 'M. Quad,' known among his personal friends as C.B. Lewis. He is modest and not at all puffed up by the fact that he has a weekly audience of a million, nearly half of whom are matter-of-fact Englishmen, who take him with their beefsteak and ale, as a sure help to healthy digestion. He is spoken of as old and eccentric; and that is may be, but I incline to the opinion that this popularity is due to the fact that nature produced him in one of her genial moods when she would do the world a kindly turn by bestowing upon it a gentle soul, who should do us good by spreading for a wholesome feast of mingled wit and wisdom."

"M. Quad" writes exclusively for the Detroit Free Press and is just as funny as ever. We advise every family to try the Free Press for a year.

There has been a general row among United States troops at Fort Niagara. The men say they were treated worse than dogs, and that their complaints were treated with contempt, and as a result numerous disorders occurred. Seven of

the soldiers made a break for Canada and got there. The discovery caused a great row. The sergeants and other subordinate officers were censured and resignations followed until the fort was in open mutiny. Bayonets, sticks and axes were freely used and during the melee three of the rioters were stabbed with bayonets, one of whom will die. The gates of the fort were closed and the officers forbidden admission. The escaped soldiers, some of whom are sporting around St. Catharines, say they are not disloyal to their country and are preparing a lengthy statement to Gen. Meigs, Inspector of United States forts, regarding their grievances.

**UR LITTLE SON**

Four years old afflicted with a painful skin disease, six doctors tried to cure him; all failed. Got worse and worse completely cured by one set of Cuticura Remedies, costing \$1.75.

Our little son will be four years of age on the 25th inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician, who treated him for about four weeks. The child received little or no good from the treatment, as the breaking out, supposed by the physician to be hives in an aggravated form, became larger in blotches and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him Cuticura Remedies internally, and the Cuticura and Cuticura Soap externally, and by the last of August he was so nearly well that we gave him only one dose of the Remedies every second day for about ten days longer, and he has never been troubled since with the horrid rash. In all we used less than one half of a bottle of Cuticura Remedies, a little less than one box of Cuticura, and only one cake of Cuticura Soap.

H. E. RYAN, Cayuga, Livingston Co., Ill., subscribed and sworn to before me this 4th day of January, 1887. C. N. COE, J. F. M. HOFFMAN'S REMEDY.

Last spring I was very sick, being covered with some kind of scrofula. The doctors could not help me. I was advised to try the Cuticura Remedies. I did so, and in a day or two grew better and better, until I am well as ever. I thank you for it very much, and would like to have your name put in the paper.

ED. HOFFMAN, North Attleboro, Mass.

**AN ALTERNATIVE.**

ALONZO ABBOTT, WESTPORT, N.Y., says: "I believe Paine's Every Day Compound saved my life. My trouble seemed to be an internal humor. Before I used it I was covered with an eruption from head to foot. The eruption is rapidly healing, and I am five hundred per cent. better every way."

**A LAXATIVE.**

C. C. BEAR, WHITE RIVER JUNCTION, VT., says: "For two years I have been a great sufferer from kidney and liver troubles, attended with dyspepsia and constipation. Before I began to take Paine's Every Day Compound it seemed as though everything I ate was in vain. Now I can eat anything I like."

**A DIURETIC.**

GEORGE W. BOUTON, NASHFORD, CONN., says: "I have been using Paine's Every Day Compound and it has done me more good for kidneys and lungs than any other medicine I have ever taken."

# NORTHWEST MATTERS.

The following are extracts of a speech delivered in the House of Commons by Mr. Macdougall, on February 28th, on a motion for an address to His Excellency the Governor-General, praying for all memorials addressed to the Government by the Legislative Assembly of the Northwest Territories which sat recently at Regina.

Mr. Macdougall. "As this is a question which interests particularly those members who come from the Northwest, I will ask permission to occupy a few minutes of the time of the House in regard to it. One of the memorials from the Northwest Council, to which I desire to call special attention, is a memorial to the Dominion Government praying them to make such arrangements as to insure the immediate construction of a railway to the settlements on the North Saskatchewan. I am in hearty sympathy and accord with that memorial. In the preamble they first state that the building of the Canadian Pacific Railway had cut off the markets of those settlements, and that, in consequence of that, the people were unable to find means of getting rid of the produce which they raised. The consequence was they were being brought into a most undesirable state of poverty. I do not want to enter into great details at this time on that subject, because I am happy to state that arrangements are being carried on by a certain railway company pointing towards the construction of the road to Prince Albert and Battleford, which I hope will be concluded next month, and which will give the needed railway communication. If those arrangements are not concluded at that time, I shall have a motion to lay before the House, and shall then have an opportunity to go further into the details in regard to the subject. I will simply say now that I cannot urge too strongly on the Minister of the Interior and his colleagues that there is a great necessity, in fact an immediate necessity, that the land grants for railways in that country should be located at once, if any work is to be carried out. It is absolutely necessary that those who invest their money in these undertakings should know exactly what security they have got, and it is impossible for them to tell what the security is worth until they know where these lands are, the lands being security for building the railways."

There was another question to which our representative referred, and that was the granting of scrip to the half-breeds of the Northwest. He said: "This question has raised a great deal of discussion in the House before. The half-breeds in the Northwest have petitioned to the Northwest Assembly, and the Northwest Assembly have petitioned the honorable gentlemen who form the Government of this country, that scrip should be granted to the children of all half-breeds who were born before March, 1885. They consider that they are justly entitled to it, because the new arrangement was not made with the half-breeds in the Northwest until 1885, when scrip was issued to them. We know that the half-breeds in Manitoba were settled with in 1870, but the half-breeds in the Northwest were not settled with until 1885; and, as my honorable friend from Assiniboia (Mr. Davin) very wisely and very well pointed out, the half-breeds in the Northwest were a different class, in a way, from the half-breeds in Manitoba, they were in the same position with regard to the half-breeds in Manitoba as the Black-foot Indians would bear to the Cree Indians; consequently, when a settlement was made with the half-breeds in Manitoba, it did not follow that a settlement was made with the half-breeds in the Northwest—in fact, it rather follows that a settlement was not made with them, as no steps were taken to settle their claims. I should like, therefore, to hear the honorable minister express himself in a manner that will enable me to say to my half-breed friends in the Northwest that they are likely to get the scrip; because no settlement has been made with them, they had no word in making the treaty as to surrendering their rights; they accepted what was given them, but with this protest, they demand that this scrip should be issued to all children who were born at that time after settlement."

"I wish also to say a few words in reference to scrip being granted to the N. W. M. Police. During last Session of Parliament this matter came up on a motion by my honorable friend for West Assiniboia, and it was promised at that time that this question should be reconsidered. I urged at that time, very strongly, that this scrip should be given

to the police, because I believed they deserved it. They are, as everybody knows, a very fine body of men. They did their duty at the time of the rebellion, but before the rebellion occurred they did a greater duty than they did even then, for they did a great work for Canada. It is well known that before the Indian Department was organized throughout the Northwest, the mounted police were stationed at posts throughout the vast territory, and I believe the credit in a great measure, is due to the police for having handled the Indians so well as to control the country without shedding a single drop of blood. This is a matter of very great importance, although notice has not often been called to it, and therefore it may appear to be a very small matter. I believe the mounted police, from the very first day they entered the country up to the present time, have done their duty thoroughly, and are as much entitled to the scrip for services rendered during the rebellion as were the provisional corps sent up there from Kingston, Quebec, Toronto and other places which received scrip. They are all alike enrolled to serve the interests of the Dominion at large, and whether they serve in the Northwest or in the older Provinces, still they are doing their duty by their country, and if rewards are going I think it is only a matter of justice that all the corps should be rewarded alike."

TO THE DEAF—A person cured of Deafness and noises in the head of 25 years standing by simple remedy. Will send a description of it free by any person who applies to NICHOLSON, 177 McDougall street, New York.

## SASKATCHEWAN INSTITUTE.

The regular fortnightly meeting of the Saskatchewan Institute was held in the Institute rooms last Friday night. There was a large attendance of members notwithstanding the bad state of the roads. Owing to the absence of the recording secretary no business was transacted. The Rev. Dr. Mackay read an able and highly interesting paper on the native Indian races, dealing more particularly with their myths and religious beliefs. An interesting and lengthy discussion followed, in which Dr. Jardine, T. McKay, W. R. Gunn, the President and others took part. R. J. Pritchard presented a specimen of the ash colored hawk (falco a trocapillus) to the Institute. The next meeting will be held on Friday evening, April 5th, when a paper will be read by the Rev. Canon Flett on the Indian languages.
